# Global Success: The Liebherr Group

Liebherr is a third-generation, family-owned company founded by Hans Liebherr in 1949 with the creation of the first ever tower crane.

With 70 years of success, Liebherr has become synonymous with the equipment needed to build homes and businesses, as well as the appliances within them. One of the world's largest manufacturers of construction machinery, Liebherr has expanded to eleven divisions with a wide array of product ranges, including earthmoving, mining, mobile cranes, tower cranes, concrete technology, maritime cranes, aerospace and transportation systems, gear technology and automation systems, components, hotels and domestic appliances.

The company currently employs over 46,000 persons in more than 130 companies in over 50 countries worldwide. Liebherr Appliances is Europe's largest privately owned manufacturer of fridges and freezers for residential and commercial use, with an annual production of more than 2.1 million units.

NoFrost Technology eliminating the need to defrost

## German Engineering

High quality materials, meticulous workmanship in every detail, and easy-to-use, precise touch-electronics define the quality in all cooling appliances from Liebherr.

Quality

We consistently implement new ideas and improved technology to ensure optimum food storage and quality.

For 60 years Liebherr has specialised in the manufacture of high quality, innovative fridges, freezers and wine cabinets.

The superb design quality of our appliances has seen them honoured with many prestigious, international design awards from the likes of Plus X Award, reddot, iF product design and German Design Award.
