LIEBHERR

2.4" Touchscreen Display: The high-resolution, high-contrast 2.4" touchscreen display is located behind the door and can be read from any angle. The stored menu options are intuitive and easy-to-operate.

BioFresh-Plus: With the adjustable temperature range of 0°C and -2°C, BioFresh-Plus technology offers even more flexibility for your produce. The BioFresh-Plus drawer includes a versatile Fish & Seafood-Safe.

PowerCooling: A high-performance system that allows freshly stored items to be chilled rapidly while maintaining an even temperature throughout the interior. In this energy-efficient BluPerformance range, the fan switches off when the appliance door is opened, saving valuable energy.

Note: Whilst every effort is made to ensure all specifications and information in this flyer are accurate, Liebherr reserves the right to make changes without notification. Where actual appliance measurements, specifications, and ratings are crucial, we recommend that the actual appliance installation instructions that accompany each appliance be checked. Liebherr will not be liable for any loss.

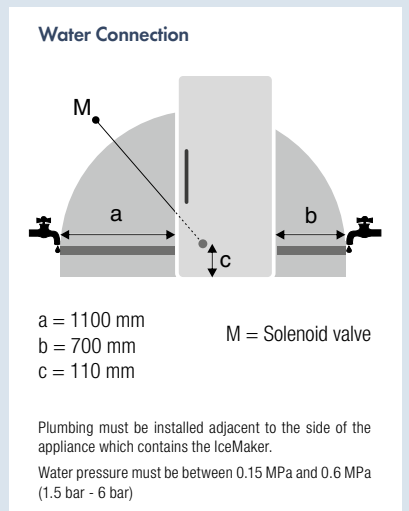

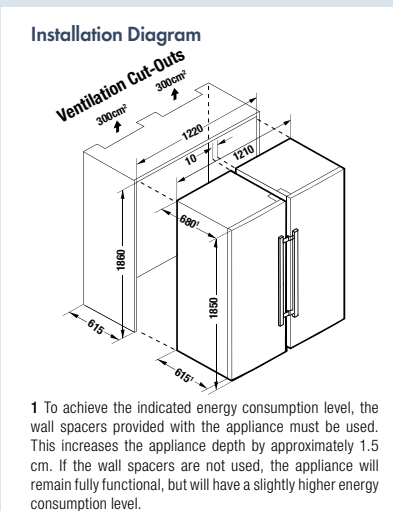

Premium quality characterises the **SBSes 8683** from our BluPerformance series. High-quality components and materials, perfect workmanship, and precise touch electronics and digital temperature display make this side-by-side fridge-freezer an energy efficient household appliance.

Fruits, vegetables, fish, meat, and dairy products remain fresher for much longer thanks to BioFresh technology. Our NoFrost technology means that the appliance never has to be defrosted. An elegant and classic design with a SmartSteel surface ensures that the **SBSes 8683** will remain a household highlight for years to come.
