

# The Storage Choice For Wine Aficionados

Quality, Design and Innovation

WKgb 4113

# LIEBHERR

**Recessed door handle:** The WKgb 4113, with its elegantly designed recessed door handle, looks perfect in any home or restaurant. Meanwhile its insulated full-black glass door protects fine wines against UV radiation.

**LED lighting:** The integrated LED lighting in the wine cabinet interior ensures pleasant illumination and an optimum glance at your wine collection.

**Optimum humidity:** Liebherr wine cabinets guarantee an optimum humidity and this ensured the corks are supple in place whilst still allowing the wine to breathe in its maturing process.

*Note: Whilst every effort is made to ensure all specifications and information in this flyer are accurate, Liebherr reserves the right to make changes without notification. Where actual appliance measurements, specifications, and ratings are crucial, we recommend that the actual appliance installation instructions that accompany each appliance be checked. Liebherr will not be liable for any loss.*

The Barrique **WKgb 4113** wine cabinet provides climatic conditions similar to that of a wine cellar and is perfect for the long-term storage or maturing of fine wines. Interior temperature can be adjusted between +5°C to + 20°C. Our integrated activated carbon filter absorbs odours from the ambient air and prevents the taste of your wines from being impaired.

Additionally, the insulated full-black glass door also provides protection from UV radiation and preserves the quality of wine. With its elegantly designed recessed handle, this wine cabinet looks perfect in any home or restaurant. For added flexibility, optional accessories<sup>1</sup> are available for your selection.
