

The Spacious Freshness Centre

Quality, Design and Innovation

ECBN 6156

LIEBHERR

Door-on-door technology: Allows custom panels to be affixed directly onto the appliance door so that the hinges are concealed, plus the cabinet and the fridge open as one, ensuring a wide range of design options and easy installation.

IceMaker: Liebherr's automatic IceMaker produces flawless crescent ice and keeps constant supply on hand for every occasion. An activated charcoal filter ensures pure water for production of clear ice crescents.

BioFresh: BioFresh guarantees the perfect temperature and ideal humidity for much longer freshness. While the DrySafe is perfect for meat, fish, and dairy products, the high humidity in the Fruit & Vegetable-Safe can prevent fruit and vegetables from drying out and helps preserve stored goods for an even longer period.

The 91-cm-wide, built-in fridge-freezer **ECBN 6156** is a real eyecatcher! Available with door-on-door installation that gives customised integration into existing kitchen units, and two freezer drawers that easily extend on premium-quality telescopic rails, this built-in masterpiece is a design highlight for any kitchen. Opt for our stainless steel panels and handles and other accessories¹ for that extra touch of elegance.
