# Wine Storage Sophistication For Your Home

LIEBHERR

Optimum humidity: Liebherr wine cabinets guarantee an optimum humidity and this ensured the corks are supple in place whilst still allowing the wine to breathe in its maturing process.

Integrated lock: Nicely concealed into the side of the door, this sturdy lock protects your fine wine collection.

Wooden shelves: The wooden shelves are ideal for storing Bordeaux bottles. They can be stored in opposite directions to make full use of the capacity.

The **WKb 4611** wine cabinet mimics the conditions of an underground wine cellar. Its solid door creates a dark, undisturbed environment with zero exposure to UV light and heat fluctuations – perfect for maturing wines. This unit ensures a constant interior temperature, which can be adjusted between +5 °C and +20 °C. Wines are always stored safely on our untreated wooden shelves while the activated charcoal filter provides optimal air quality. The ergonomic slimline door handle with integrated opening mechanism makes the door easy to open with very little effort.

| WKb 4611 Barrique	LED	Wine

Energy consumption (kWh/y)	175
Sound rating dB(A)	40
Total capacity litre	336
Max No. of Bordeaux bottles (0.75l) *	195
Number of shelves	7
Shelves on telescopic rails	0
Shelf material	Beech wood shelves
Presentation shelf	0
