## Features

---

### SmartSteel

SmartSteel significantly reduces the visibility of finger marks and is very easy to clean.

### Bottle rack

The bottle rack is a solution for storing beverages which is both practical and pleasing to the eye. Here bottles can be stored within a compact space.

### SuperCool

The automatic SuperCool function lowers the refrigerator temperature down to as far as +2 °C for as long as 12 hours - ideal for rapidly cooling freshly stored food.

### Door alarm

The audible door alarm alerts the user if the door has been open for longer than 60 seconds for safe protection of the food.

### Child lock

The child lock is programmed so as to prevent the appliance being inadvertently switched off. A symbol in the MagicEye indicates when the child lock is switched on.

### Transparent vegetable bins

Transparent vegetable bins provide plenty of space for the organised storage of fruit and vegetables. In addition, they are easy to clean.
