Replaceable door seal	yes
EAN-Nr.	4016803090014

[1] To achieve the indicated energy consumption level, the wall spacers provided with the appliance must be used. These increase the appliance depth by approximately 1.5 cm. If the wall spacers are not used, the appliance will remain fully functional, but will have a slightly higher energy consumption level.

Features

NoFrost

When you open your freezer, you want to see frozen food – and certainly not ice and frost. NoFrost protects the freezer compartment from unwanted icing, which consumes a lot of energy and can be expensive. NoFrost means no more tedious and time-consuming defrosting of the freezer compartment, more time for other things – and saving money.

Retrofitable SmartDeviceBox

Want to be prepared for the future of the Smart Home? Your Liebherr will be happy to help. You can retrofit it with a SmartDeviceBox which will connect your Liebherr to the Internet. The SmartDeviceBox can be installed in just a few steps and will open up the whole world of digital possibilities to you today.

Touch display

Fingertip control: the touch display enables easy and intuitive operation of your Liebherr. All functions are clearly arranged on the display. By gently tapping a finger, for example, you can easily select the functions or check the current temperature of your refrigerator.

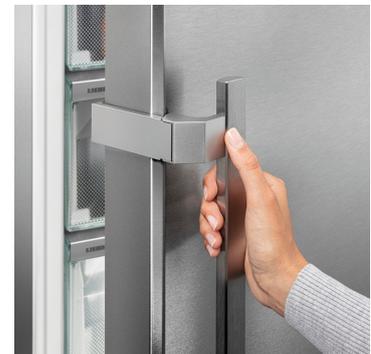

SmartSteel

The SmartSteel surface makes your high-end quality Liebherr a real eye-catcher – and a real piece of designer furniture. The horizontal effect perfectly accentuates the stainless steel and gives the surface a silky gloss, making it pleasant to the touch. The anti-fingerprint coating reduces the visibility of finger prints and is easy to clean.

EasyTwist Ice

Whether it's a summer day or a party: Thanks to EasyTwist Ice, you can prepare a supply of ice cubes quickly and easily – without the need for a fixed water connection. Simply fill the tank with water, let it freeze and then release the finished ice cubes with a simple twist – and you're ready to serve cool drinks. The EasyTwist Ice is easy to clean and ensures hygienic ice cube production at all times.

EasyOpen

Done this before? After putting all the shopping in the freezer you remember an item of food you have forgotten – and have to give the door a good pull to open it again. With your Liebherr, you don't need to do this. EasyOpen means the door can be opened multiple times one after another, conveniently and easily.

[1] To achieve the indicated energy consumption level, the wall spacers provided with the appliance must be used. These increase the appliance depth by approximately 1.5 cm. If the wall spacers are not used, the appliance will remain fully functional, but will have a slightly higher energy consumption level.

Features

EasyFresh

The guarantee of market freshness in the home is our EasyFresh-Safe. Whether it's unpackaged vegetables or fruit, this ensures optimal storage for everything. Thanks to the air-tight closure, the food causes the humidity in the safe to rise. This keeps the food fresh for a long time.

Retrofitable SmartDeviceBox

Want to be prepared for the future of the Smart Home? Your Liebherr will be happy to help. You can retrofit it with a SmartDeviceBox which will connect your Liebherr to the Internet. The SmartDeviceBox can be installed in just a few steps and will open up the whole world of digital possibilities to you today.

Touch display

Fingertip control: the touch display enables easy and intuitive operation of your Liebherr. All functions are clearly arranged on the display. By gently tapping a finger, for example, you can easily select the functions or check the current temperature of your refrigerator.

SmartSteel

The SmartSteel surface makes your high-end quality Liebherr a real eye-catcher – and a real piece of designer furniture. The horizontal effect perfectly accentuates the stainless steel and gives the surface a silky gloss, making it pleasant to the touch. The anti-fingerprint coating reduces the visibility of finger prints and is easy to clean.

SmartSteel rear wall

The rear wall in elegant SmartSteel gives your Liebherr a stylish look and feel. Your food will also love SmartSteel as stainless steel is food-safe and hygienic. SmartSteel also reduces the visibility of fingerprints – making the appearance even more pleasing.

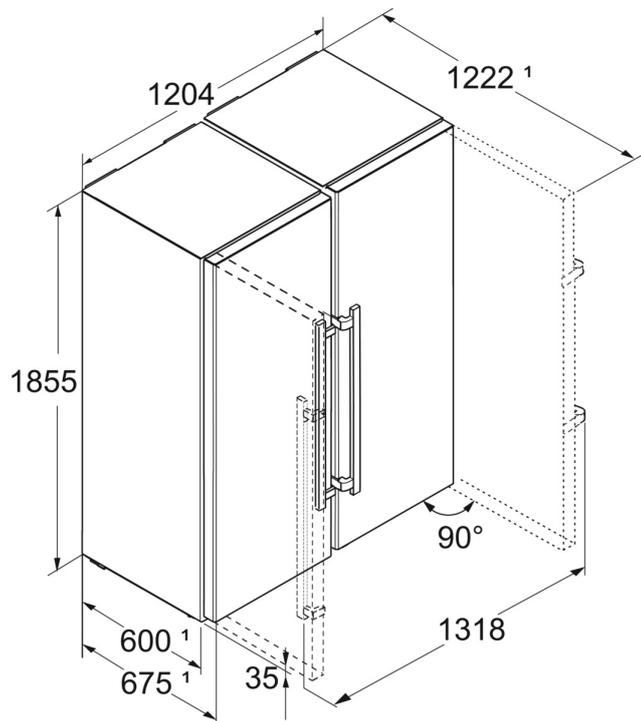

Slimline door handle (with integrated opening mechanism)

Opening made easy: The practical and elegant slimline door handle with an integrated opening mechanism allows you to open the appliance door effortlessly, even when it's opened multiple times in quick succession. The classy, minimalistic handles are also an eye-catcher on your appliance.
